Members of the Apostleship of the Cross visit Casa Juan Diego

"Love you neighbor as yourself"
(Lc 10,37b)

At 9:30 a.m. this past Saturday, April 4th, 2009, members of the Saint Thomas More Section of the Apostleship of the Cross visited [Casa Juan Diego](#) with Easter baskets for children and adults. The baskets were beautifully decorated and filled with goodies from candy to personal hygiene products, clothing, cute girl's bows and Bible educational coloring books. We also brought a baby's basket which contained all the products that an expecting mother needs.

It was truly a wonderful experience that everyone enjoyed. Louise Zwick, the Director of Casa Juan Diego was very grateful. We gave her some packets with information on the Apostleship of the Cross.

This is just a small gesture of what we were called to do when Jesus asked us to love our neighbors as ourselves. It was good to provide in a small scale for their needs. All of us shared the same feeling that it is in giving that you receive.

We are planning to establish this type of activity once a month as a group. In this way we also respond to the calling of the Apostleship of the Cross that by suffering we transform into Jesus and by transforming into Jesus we are able to complete his work on earth with the needy.

Brenda Luna
Coordinator – St. Thomas More Section
